

San Diego FAAS Team presents:

# Mastering the Art of Instrument Navigation

Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience.

For the April meeting, we will discuss an actual scenario involving an IFR planned flight from Washington Dulles (KIAD), to North Central Airport, Rhode Island (KSFZ). However the flight progresses only as far north as KJFK, New York where it has a communications issue.

Please bring your "Electronic Flight Bag" if you have one (ForeFlight, Garmin Pilot, WingX, etc.) loaded with charts from KIAD to the KSFZ area to aid in the discussion of the pilots options. You do not need to be a member or instrument rated to attend.

**Directions:** Between I-15 and SR-163 on Aero Dr. across the street from Montgomery Field, approx 0.4 mi walking East from Gibbs or 0.6 mi, South then East from the Terminal / Transient Parking.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
