

**San Diego FAA Safety Team & SAN FSDO presents:**

## **CFI Open Forum - Flight Review**

The flight review is a golden opportunity for the Flight Instructor.

Virtually every pilot will need a flight review at least once every 24 calendar months. It is also an opportunity to help mold safer pilots.

As you know, safer pilots will improve the accident rate and in particular, if properly conducted would reduce the amount of LOC-I accidents.

Perhaps the most important point to make is that this might be the only chance that CFIs will have the opportunity to interact with those pilots that tend to shun recurrent training.

Join us in the discussion of this important topic. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend.

Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

**Directions:** Office Building Complex on the South East Corner of Aero Drive and Gibbs Drive. There is plenty of good parking. Ground School Classroom #103.
