

FAASTeam presents:

The Seven Deadly Sins of Aviation

Almost all General Aviation accidents can be reduced to Seven Deadly Sins. If we can address these major problem areas, stare them in the face and mitigate them, we can go a long way to reducing our regrettable accident rate in general aviation.

Please join Captains Gary Schank and Michael Jesch in an open, honest, and humorous exploration of the most common ways that many pilots come to grief in our little airplanes. With fifty-plus years of experience in the airline world, and multiple opportunities to challenge the real world of flying airplanes, our speakers will delve into the pilot mindsets that result in unsuccessful outcomes

Directions: I-805 South to 905, take 905 East toward Otay Mesa. Take the Britannia exit. Turn left onto Britannia. Turn left onto Otay Mesa Rd. Turn right at the stoplight at Cactus Rd into Brown Field entrance. Turn right onto Continental St. Follow instructions at security gate to call EAA for entrance. Chapter 14 is next to Brown Field control tower.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
