

FAA Safety Team and the San Diego Aviation Safety Counselors presents:

Owners Operators and Pilots Learn about Maintenance - Preventative Maintenance and Logbook Signoff

See Below for Security Procedures for all Attendees.

Listen to two speakers from the San Diego FSDO Airworthiness Department; FAASTeam Program Manager John Schaper and Tom Marquez, FSDO Airworthiness Front Line Manager, tell us about:

Owners/Operators and Pilots what is Maintenance, Preventative Maintenance, Repairs and Alterations?

Who may accomplish Preventative Maintenance and does it require a Logbook entry?

What is Preventative Maintenance?

What does an appropriate logbook entry look like?

These two gentlemen will share their wealth of knowledge, experience and information. Q & A to follow.

It is hoped that by understanding the responsibility of the individual operating an aircraft, better maintenance and inspections will be legally and safely accomplished.

This is a change in Speakers and Topic due to logistical considerations.
