

San Diego FAASTeam presents:

Lessons Learned from Local Accident Investigations

Listen to two speakers from the San Diego FSDO Airworthiness Department. FAASTeam Program Manager John Schaper will tell us about lessons learned from local accident investigations. Also rounding out the presentation is Tom Marquez, Airworthiness Front Line Manager. These two gentlemen will share their wealth of knowledge, experience and information. Q & A to follow. It is hoped that by understanding root causes this can help others avoid similar mishaps. This presentation has been rescheduled from an earlier date impacted because of the lack of funding that curtailed FSDO participation.
