

FAA Safety Team and the San Diego Aviation Safety Counselors presents:

The Seven Deadly Sins of Aviation

See instructions below for security procedures for all attendees.

Almost all General Aviation accidents can be reduced to Seven Deadly Sins. If we can address these major problem areas, stare them in the face and mitigate them, we can go a long way to reducing our regrettable accident rate in general aviation.

Please join Captains Gary Schank and Mike Jesch in an open, honest, and humorous exploration of the most common ways that many pilots come to grief in our little airplanes. With fifty-plus years of experience in the airline world, and multiple opportunities to challenge the real world of flying airplanes, our speakers will delve into the pilot mindsets that result in unsuccessful outcomes.

There will be time for Q&A after the presentation.

Directions: Exit I-15 or SR-163 at Balboa Ave; go west from I-15, east from SR-163 to Ruffin Road, south on Ruffin Road to the first traffic light at Ridgehaven, turn west into the Solar Turbines parking lot.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
