

San Diego FAASTeam & EAA 14 presents:

Aviation Weather

Bill's career as a meteorologist focused primarily on air quality, with many years of using aircraft to conduct air pollution research throughout the country.

Many of the meteorological conditions that lead to poor quality are conducive to low ceilings and visibilities. Bill will explain how these processes work, and how this knowledge of meteorological processes can be used in flight planning.

Directions: Take I-805 South to 905, exit onto 905 East toward Otay Mesa border crossing. Exit at Britannia, turn left onto Britannia and proceed to Otay Mesa Road. Turn left onto Otay Mesa Road, turn right at Cactus Road into Brown Field main entrance. Turn right to follow Continental St past the old (closed) control tower and The Landing Strip restaurant/bar to the East access gate. Follow instructions on the access pedestal to call EAA Chapter 14 for access. Proceed East to EAA Chapter 14, just East of the active control tower. Meetings are held in the first hangar closest to the runway.
Prior to attending a safety seminar in person, Please review and abide by Current CDC, State and Local Health Guidelines.
