

Winter Flying in the Mountains

This presentation will cover the special considerations of mountain flying during the winter months.

Directions: The EAA Chapter 403 facility is on the South side of the Carson City Airport on College Parkway. There is plenty of parking available for your car or aircraft.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
