

Maneuvering Flight with Rod Machado (see event description)

At 5:30 to 7pm there will be a no host, food and drink by Red Truck. The Safety Seminar will start at 7pm.

Rod Machado will be bringing his vast experience as a Certified Flight Instructor and AOPA's National Flight Instructor Spokesman to discuss Maneuvering Flight. NTSB/FAA data shows that maneuvering in flight has a higher degree of risk for an accident than straight and level flight. Mr. Machado will be discussing ways to minimize that risk.

Directions: Once you have entered the airport follow the road to the right at the terminal. Hangar 1 will be located past the gate on the left.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
