

If there is any doubt, there is no doubt!

The number of Loss of Control (LOC) accidents, both GA and Commercial, are increasing. Many of these accidents are not due to the basic pilot skills, but rather to poor decision making. This will be an interactive seminar to discuss LOC issues.

Directions: Building located at west end of Reno Stead Airport. Call Tim Brill at (775) 232-4881 if you get lost!

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
