

Oakland Center's Impact on VFR/IFR Flights into Truckee Tahoe Airport and the Surrounding Areas

The featured speaker is John Fischer, Manager of Operations Support Group with Oakland Center. We will be discussing many of the ways Oakland Center impacts VFR and IFR flights in and out of Truckee and the surrounding airports. What is the TRK Surveillance Volume? How does ZOA coordinate traffic with NCT? Why is TRK a "one in one out airport?" What would it take to change this? How will ADS-B change operations at TRK? Why doesn't TRK have an RCO? It's hard to contact ZOA via radio.

Directions: Once you arrive at the Terminal Building, enter the main doors and go to your left. The meeting room is on the right near the end of the hallway.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
