

## VMC Club Meeting - Mastering the Art of Aviation

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting.

**Directions:** Park on either the ramp or public side of the building and enter through the main doors. Meeting room is upstairs.

**NOTE:** Airport gates automatically close at 6 PM.
