

ForeFlight Academics

The Truckee Civil Air Patrol squadron will be hosting a ForeFlight Academics session open to all General Aviation pilots. This program will provide an overview of how to use ForeFlight for preflight planning, inflight navigation and decision-making, and postflight review. Pilots will see demonstrations of the latest tools and features and learn practical ways to incorporate them into everyday flying. The goal is to help all pilots become more comfortable and proficient with ForeFlight in support of safer operations.

The event will start at 9 and wrap up by 12:30. Coffee and snacks will be provided.

Downstairs in the airport terminal building conference room.
