

## **Becoming a Better Pilot through Personal Aircraft Maintenance**

Join us in Truckee for one of the final Fly Safe Seminars of the year. Local pilots and A&P/ IA's Doug Lee and Bjorn Anderson will showcase how working on your own aircraft can make you a better pilot. Live, inside a hangar these mechanics will showcase what you may not know you can and cannot do on your aircraft. They will touch on preventative maintenance from a pilot perspective and what the FAA allows and doesn't allow.

This meeting will be held in Hangar A9. It is an executive hangar and is the nearest hangar to the east of the terminal building. Look for the "Lighted X."

This meeting will only be offered in-person and will not feature a Zoom option.

### **A message from the National FAASTeam Manager**

Earn your WINGS to get a chance to win a prize. Go to <https://www.wingsindustry.com/WINGS-Sweepstakes> for more info. Join us on Facebook: <https://www.facebook.com/groups/GASafety/>
