

Improving Your Communications With Air Traffic Control - Hybrid Event

Join us in Truckee for this month's Fly Safe Seminar featuring Air Traffic Controllers Steve Ingebretson and Justin Martin. This session focuses on real-world situations, common communication challenges, and insider perspectives to help make you a safer pilot. Steve and Justin will share insight from their extensive ATC and pilot careers to help you sharpen your phrasing, reduce frequency clutter, and learn what makes ATC tick. Earn WINGS credit with your fellow pilots and bring the questions you've always wanted to ask a Controller.

Want to ensure your questions get addressed? Send them ahead of time to flysafe@truckeetahoeairport.com to help Steve and Justin know what to focus on.

Inside Truckee Tahoe Airport's terminal building conference room on lower level of building. Also available via Zoom [With Advance Registration at This Link](#).

A message from the National FAASTeam Manager
