

## Ditching The Sky - Hybrid Event

Join us in Truckee this month for a harrowing tale of survival. In 1984 Heidi Porch realized a pilot's worst nightmare—an engine that quits. To make matters worse, she was 540 miles from land with only water in sight. Few have experienced such a life-threatening situation. Through her ordeal, she learned how to deal with an in-flight emergency, think quickly, devise survival strategies, and how to tough it out.? Heidi's awe-inspiring story is not one you will soon forget. She shares valuable lessons for pilots and you will learn what it is really like to contemplate and survive an ocean ditching. Join your fellow aviators live in Truckee or online via Zoom for a Fly Safe Seminar you wont want to miss!

Inside Truckee Tahoe Airport's conference room which can be found downstairs in the terminal building. This event is also available remotely via Zoom with advance registration. To attend via Zoom, register at this link: [Zoom Registration](#)
