

Keys to the Kingdom For Instrument Flight Hybrid Event

Instrument flying demands organization, situational awareness, and disciplined decision-making, especially in the challenging mountain environment around Truckee. Join us for our next Fly Safe Seminar where CFI and FAA Safety Team Representative Philip Mandel returns for an engaging discussion on *Keys to the Kingdom for Instrument Flight: The 5 P's, 6 T's, and 6 C's*. Philip will break down these easy-to-remember frameworks, explain when to use them, and show how they can help pilots stay ahead of the aircraft, reduce workload, and enhance safety during IMC operations. This event will be available both live, in-house and online via Zoom.

Inside Truckee Tahoe Airport's Terminal Building. Downstairs in the conference room. Also available via Zoom with advance registration. To join via Zoom please register at [This Link](#)
