FAASTeam - Reno presents:

Winter Operations at Truckee Tahoe Airport Hybrid Event

Join us Wednesday, November 18 at 5:30 PM for our final Fly Safe Seminar of the year.

We'll kick things off with **Bryan Allegretto of OpenSnow**, who will share insights on winter weather forecasting, seasonal trends, and what the anticipated Super El Niño could bring to the Sierra.

Then, **KTRK Operations Supervisor Mike Ketron** will explain how airport crews clear the airfield after storms, how FICONs are established, and what airport users can expect this winter.

Don't miss this opportunity to get winter-ready before the snow starts flying!

In the downstairs conference room inside Truckee Tahoe Airport's terminal building. Also available via Zoom with advanced registration. To attend via Zoom, please register here: Zoom Registration
