

Achieving the Perfect En Route Cruise

This presentation reviews national and state en route mishap data; discusses methods to determine optimal altitudes, routes and engine management procedures; offers performance planning tips and some suggestions on how to prepare for the typical en route emergencies. Mountain flying and weather tips, applicable to Hawaii, are also included.

Directions: Lagoon Drive to Iako Place, first building on the left within the fenced area. FAAST presentations are held in one of the upstairs classrooms. Look for a sign on the door.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
