

FAASTeam presents:

**CFI-DPE Open Forum / CFI candidates / ALL Pilots welcome**

At this open forum, we will discuss how to avoid loss of control (LOC) and how to teach risk strategies to prevent LOC. This interactive presentation also leads the participants in a discussion of best practices for developing evaluation scenarios and how to effectively teach. It allows FAASTeam Program Managers and designated FAASTeam Representatives together with CFIs and DPEs to discuss the benefits of teaching loss of control. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Click the link below and register TODAY. FAASTeam Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and discuss one or more of the Top 10 Causal Factors in General Aviation Accidents at each of the Open Forums
