

The engine takes care of you, so you have to take care of it

Ever wonder how to manage your light aircraft engine so hat it is not going to quit on you? How about temperatures, too hot? Not sure if you are getting full performance? Or are you just wondering what Lean Of Peak (LOP) is all about?

Directions: On 680 exit onto Capital Expressway - travel SE on Capital. At Cunningham Ave (3rd light) turn R. Trade Winds is ahead on your R, the Terminal Building to the L.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
