

# Start Time has been moved to 745pm 'When the Pressure is On' - How to Get the Most out of ATC

Start Time has been moved to 745pm You are out of your element, the pressure is escalating and you just want to buy time to get back into a situation you recognize and can control. Understanding the system and making the right requests will help you manage the pressure, fly more safely and comfortably. Based on her experience, Allie is an ATP-rated pilot, and former Air Traffic Manager at STS, SNS and SQL Towers. She will tell you how to get the services you need....

**Directions:** From HWY 1 Exit on Airport Blvd and head North on Airport Blvd. Make a left Turn on Aviation Way (0.7Mi from HWY 1) and destination will be on the airport side.

## A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
