

Aerobatic Flying

Learning aerobatic flying enhances safety of everyday flight. Pilots attain a better understanding of the airplane's flight envelope. The training also prepares the pilot to handle emergency upsets.

Directions: Hwy 101, exit San Martin Ave, go west one short block, (from 101 south bound, a very short block) to Murphy Ave, south on Murphy, around the west of E16, look for a sign of the Museum. Overflow parking on Murphy Ave.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
