

FAASTeam presents:

Interesting Cross-Country Destinations for Private Pilots

Congratulations, you've earned the coveted Private Pilot License! You undoubtedly have a long list of things you want to do and places you want to go. There are so many reasons to fly and so many great flying challenges that await us, it's a shame some pilots rarely push themselves beyond a \$100 hamburger flight. Join us for this exciting panel discussion that will give you new ideas for ways to use your pilot skills and share the wonder of California with your family and friends. The presentation will include an overview of several great day or weekend trips. Important safety information will be given for each destination:

- Route selection and planning
- Terrain considerations for common routes
- Airspace awareness including restricted areas and MOAs
- Typical weather patterns for the area, and how that will affect your flight
- Any special procedures or unique airport operations

Join us to learn about some new destinations to add to your Private Pilot bucket list. San Carlos Flight Center was voted Best Flight School in the US in the 2013 AOPA Flight Training Excellence Awards. We are committed to promoting safety in general aviation through our evening safety seminar programs. For more information about this and any of our weekly seminars, please visit <http://sancarlosflight.com/activities-and-events>.

Event Details

Sat, Mar 22, 2014 - 12:00 pm

San Carlos Flight Center

655 Skyway Rd

Suite 215

San Carlos, CA 94070

**Contact: San Carlos Flight Center
