

FAASTeam presents:

Rusty Pilot Program

To register for this event go to https://www.aopa.org/forms/event-registration/RP_CA_140621: To obtain WINGS credit you must register separately here.

Life may have gotten in the way, but the dream of flight can be yours again. Returning to the skies is not as difficult as most rusty pilots think. We're inviting you back in the cockpit and will help you get there. Come and participate in a FREE Rusty Pilots program with fellow lapsed pilots. We will help you understand what's changed in aviation since you've last took the controls and brush up on your aviation knowledge. The Rusty Pilots program is developed by AOPA in partnership with Trade Winds Aviation in order to create the best environment for getting you back in the air and apart of the general aviation community.

- It is easier than most people think – no FAA checkride or test
- Might not even need a medical
- Participate in Rusty Pilots and you've fulfilled the ground instruction required of the flight review

Directions: On Hwy 680 exit onto Capital Expressway. Travel SE on Capital. At Cunningham Ave (3rd light) turn Right. Trade Winds Aviation is ahead on the Right, the Terminal Building to the Left.
