

FAASTeam presents:

CFI Round-Table: Renewing your CFI and Bay Area Familiarization

The CFI Round Table series is devoted to topics of interest to Bay Area flight instructors. The events are open only to flight instructors and provides a behind-closed-doors forum for CFIs to share success stories and challenges with other CFIs. The CFI Round Table series is hosted at San Carlos Flight Center but is open to any Bay Area flight instructor. Each month we take on one or two topics and share our individual experiences and lessons learned. This month our two topics are: Renewing your CFI and Bay Area Familiarization. Renewing your CFIOK, so you've been enjoying the privileges of Flight Instructor for almost two years now. Time for a flight review. Or is it time for a CFI refresher course? Or both? What does it take for an instructor to maintain their certificate? Does the number of students you have matter? How have Internet options changed the renewal process? Where do you begin? Join us for a CFI-only discussion of what it takes to renew your flight instructor certificate. If you have a favorite method, be sure to share it with the group. Bay Area Familiarization Raising a new private pilot from demo to solo to checkride in the Bay Area, you necessarily have to familiarize them with our local airspace. In that situation, the familiarization occurs over many flights. But every day, pilots relocated to the SF

Event Details

Mon, Jul 14, 2014 - 6:30 pm

San Carlos Flight Center

655 Skyway Rd

Suite 215

San Carlos, CA 94070

**Contact: San Carlos Flight Center
(650) 946-1700**

Representative Terry Fiala

Bay Area from out of area, or even out of state. Getting new pilots familiar with our "sophisticated" local airspace can be a challenge. As local CFIs, it's our responsibility to get new pilots trained up on local procedures, both charted and uncharted. The sooner we can get pilots new to the area working at peak efficiency, the safer the skies become and the smoother all air traffic works. Join the CFI Round Table and share ideas about how best to get our newest immigrants safely sharing our airspace. San Carlos Flight Center was voted Best Flight School in the US in the 2013 AOPA Flight Training Excellence Awards. We are committed to promoting safety in general aviation through our evening safety seminar programs. For more information about this and any of our weekly seminars, please visit <http://sancarlosflight.com/activities-and-events>.

Directions: Located in the Skyway Building, next to the Hiller Aviation Museum. Parking and entrance behind building. Suite 215 is upstairs in the northwest corner. Pilots who fly in should park in transient parking and call the Flight Center for a ride (650) 946-1700.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
