

FAASTeam presents:

CFI Round-Table: Electronic Logbooks and ForeFlight

The CFI Round Table series is devoted to topics of interest to Bay Area flight instructors. The events are open only to flight instructors and provides a behind-closed-doors forum for CFIs to share success stories and challenges with other CFIs. The CFI Round Table series is hosted at San Carlos Flight Center but is open to any Bay Area flight instructor. Each month we take on one or two topics and share our individual experiences and lessons learned. This month our two topics are: Electronic Logbooks, and How to Teach Students Not to Be Dependent on ForeFlight. Electronic Logbooks More and more pilots are switching to electronic logbooks. Have you considered switching yourself? CFIs log hundreds of flights, so conceivably the convenience would be especially valuable. How do you switch? Where do you begin? What do you do if your student uses an electronic logbook? How do you endorse and electronic logbook? Join us for a CFI-only discussion and if you have a favorite electronic logbook, be sure to share it with the group. How to Teach Students Not to Be Dependent on ForeFlight As electronic flight decks enter the cockpit, the risk arises of students becoming heads down focused on their iPad and not actually flying the aircraft. How do you teach students to use the avionics installed in

Event Details

Mon, Aug 11, 2014 - 6:30 pm

San Carlos Flight Center

655 Skyway Rd

Suite 215

San Carlos, CA 94070

**Contact: San Carlos Flight Center
(650) 946-1700**

Representative Terry Fiala

the aircraft for some things, but their iPad for other things? How do you make sure that this valuable tool doesn't become a distraction?

Please join us to share your favorite tips and pet peeves regarding electronic flight decks.

Directions: Located in the Skyway Building, next to the Hiller Aviation Museum. Parking and entrance behind building. Suite 215 is upstairs in the northwest corner. Pilots who fly in should park in transient parking and call the Flight Center for a ride (650) 946-1700.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
