

International Flight Planning, destination Dominican Republic

Have you ever wondered what is really involved in planning and flying a really long cross-country trip, including international destinations?

Join an AeroDynamic Aviation instructor as she discusses the required planning, preparation, challenges and fun involved in a flight from Reid Hillview airport (KRHV) to the Dominican Republic. You will look at route considerations, weather challenges, international border crossing regulations as well as what it is like to fly in and around the island.

Directions: The seminar will include TV presentations. The classroom is located near the Airport Shoppe at KRHV airport, office D2.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
