

FAASTeam presents:

What's In Your Flight Bag?

What's in your Flight Bag?

Ever wondered whether you have the “right stuff” in your flight bag? There is a real trade-off between not having appropriate gear, and so much stuff in your flight bag that it weighs as much as another passenger. We will go through a flight bag and discuss the need and usefulness of items needed for safety, convenience, and comfort.

Steve Blonstein, West Valley Flying Club CFI, and club member for the past 23 years, will host a lively discussion on how best to pack and find items in your flight bag. Steve has spent the last two decades perfecting his own flight bag “strategy” and will share his experiences in doing so.

Directions: From highway 101 head east toward the bay, turn left after the golf course. West Valley Flying Club is the second driveway on the right. Overflow parking in the golf course lot.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
