

FAASTeam presents:

# Adventures in Crosswinds

Every Bay Area pilot has experienced varying degrees of the ever-present Bay breezes in the form of crosswinds. Sometimes mild, sometimes wild, but always exciting. Do you find your anxiety level increasing along with the degree of crosswind component? Don't you wish you could learn some skills and techniques to help you confidently tackle those crosswind landings? Welcome to Adventures in Crosswinds! In this engaging and informative seminar, presenter Dan Dyer shares the insights he has learned after 3,500+ hours of flight instruction and the 1-on-1 training sessions our CFI team does using the Xwind 200 crosswind landing simulator. Learn the right and wrong ways to do crosswind approach, flare, and touchdown. A must for every Bay Area Pilot! Dan Dyer is Chief Pilot of San Carlos Flight Center and has been instructing for 11 years, first in helicopters and now in airplanes. He has almost 4,000 flight hours and is the Bay Area's local expert in crosswind landing instruction. He regularly speaks on advanced ground school topics, and was one of the founders of the Bay Area FlyOutGroup - a social club of over 500 pilots that meet for lunches, dinners, and other fun aerial adventures. Find out more about Dan at [www.sancarlosflight.com](http://www.sancarlosflight.com) or contact him at

## Event Details

**Wed, Jun 17, 2015 - 19:00 PDT**

**San Carlos Flight Center**

655 Skyway Road

Suite 215

San Carlos, CA 94070

**Contact: San Carlos Flight Center  
(650) 946-1700**
