

FAASTeam presents:

# AIM High for Instrument Pilots: An In-depth look at the FAR/AIM

Quick – which AIM Chapter deals with Instrument Departure Procedures? Sure you can look it up, but how long has it been since you've reviewed the rules and regulations?

The Federal Aviation Regulations and the Aeronautical Information Manual are both incredibly dense but are essential and invaluable references for pilots. In this seminar, Mr. Taber will highlight areas that pilots often overlook, or haven't reviewed since IFR ground school, and will lead a discussion about commonly misunderstood topics in Instrument Flight Rules. Join us for Ben Taber's seriously humorous take on general aviation and dive deeper into your pilot knowledge bank at this fun and challenging seminar, which is open to current and aspiring instrument pilots.

**Directions:** Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Suite 215 is upstairs in the northwest corner. On occasion, rides may be prearranged through San Carlos Aviation and Supply.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
