

What is the CAP and How to Survive an Accident

Civil Air Patrol (CAP) members, John Heldt and Steve Pierce, will describe the CAP and what the organization does. They will explain why Search and Rescue is one of CAP's primary missions. John and Steve will also talk about the emergency gear used by CAP pilots, equipment used to locate and rescue a lost aircraft, and tips on how to survive a forced landing. Do not miss this informative seminar!

Directions: Seminar will be held in the lobby of the Reid-Hillview Airport Terminal building. From Highway 680, exit onto Capital Expressway. Travel Southeast on Capital Expressway. At Cunningham Ave. turn Right. Reid-Hillview Terminal building is straight ahead then slightly left.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice.
