

San Carlos Operations - Meet the Tower Manager

Join us on Wednesday, Nov 16th at 730pm at West Valley Flying Club's San Carlos location for a Pilot - Controller Open Forum and Safety Seminar.

The seminar will cover SQL operations, including taxi procedures, IFR clearance procedures, and airspace issues that are unique to SQL due to its proximity to SFO. After the presentation there will be a Q&A/open forum.

Our guest speaker Dylan Krassensky is the Tower Manager at KSQL, and he previously worked as an ATC Specialist at SJC and was the Air Traffic Manager at SBP. He also is a Certified Flight Instructor.

Directions: From highway 101 head east toward the bay, and take two immediate right-turns onto Skyway (along the west side of the airport). The Skyway building is on the left after the Aviation Museum.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
