

FAASTeam presents:

Destination Bahamas

A cross-country flight is defined as a flight including a point of landing of more than 50 nautical miles from the point of departure. But does a flight like that really cross the country? A lot can happen when you pick a destination 3,000 miles away and set out in an airplane. Weather changes, system quirks and failures, international borders, and many other things. In a word: Adventure!

Join SCFC in welcoming CFI Thomas Daniel to share the story of his 6,000 nm round-trip cross-country flight from San Carlos to Miami, Florida and the Bahamas. The adventure spanned 3 weeks and 40 hours of flight time. We'll hear about his planning, and what happened on the trip that wasn't planned for, including an in-flight emergency. If you are considering taking a long flight across the US, you won't want to miss out on this presentation.

San Carlos Flight Center is committed to promoting safety in general aviation through our evening safety seminar programs. Space is often limited so it is important to sign up early through the FAA event notification system at FAASAFETY.GOV. SCFC members may choose to watch the seminar live over the web at home.

particular seminar.

Directions: Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Suite 215 is upstairs in the northwest corner. On occasion, rides may be prearranged through San Carlos Aviation and Supply.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
