

FAASTeam presents:

Under the Cowling with Pilot and Mechanic Jorge Sanchez

This installment in our Meet the Mechanic series takes us to the heart of the airplane: Under the Cowling. Meet the Mechanic is a series of discussion groups, seminars, and events where experienced aircraft mechanics share knowledge and expertise with the general aviation community. Here is your chance to see an aircraft engine, with the front cowling removed.

Join Jorge Robles Sanchez, SCFC Airframe & Powerplant Mechanic and Pilot, and ask him anything you've been wanting to know about the SCFC fleet. Jorge has extensive experience with the SCFC rental fleet, which is comprised of Cessna, Warrior, and American Champion airplanes.

The event is designed to help pilots become more informed and more competent about the airplanes we operate. Not only is it fascinating to see, it will also help you understand the system better, and ultimately help you if you ever need to manage an inflight malfunction or irregularity.

The session will be an extended Q&A period, so bring those common and uncommon questions. We may not be able to answer everything, especially if it's very make/model specific, but we

Event Details

Sat, Apr 1, 2017 - 12:00 PDT

San Carlos Flight Center

655 Skyway Rd,

Suite 215

San Carlos, CA 94070

can address the most important things common across all aircraft.

Jorge Robles Sanchez, first started working as a mechanic at the age of 14 in Guatemala along side his four brothers. When he turned 20 he became a pilot and flew as a Bush Pilot in Guatemala until coming to the USA. Here he got his A&P has been working on Aircraft ever since.

He has been with the Flight Center for 6 months now, and has 1000s of hours working on aircraft.

Jorge is also a competitive salsa dancer and loves reading and learning about philosophy, religions and cultures.

This event qualifies for FAA Wings credit, click [here](#) to register.

Any questions, contact us at (650) 946-1700 or info@sancarlosflight.com.

San Carlos Flight Center is committed to promoting safety in general aviation through our evening safety seminar programs. Space is often limited so it is important to sign up early through the FAA event notification system at FAASAFETY.GOV. SCFC members may choose to watch the seminar live over the web at home. Contact your SCFC member service rep at (650)

946-1700 to confirm secure online access to any particular seminar.

Directions: Directions to Room: Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Suite 215 is upstairs in the northwest corner. On occasion, rides may be prearranged through San Carlos Aviation and Supply.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
