

FAA Safety Team presents:

CFI Open Forum

According to NTSB, there have been a disturbing number of individual incidents that may outwardly demonstrate noncompliant behavior, intentional misconduct, or lack of commitment to essential tasks. What do you do to understand and guide your student's behavior and make accurate performance evaluations? At this FAASafety Team Flight Instructor Open Forum we will explore this complex topic to better prepare our students. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

Directions: Sunwest Aviation is in its new location at the northeast side of the field. Drive towards the airport's main terminal building on Aero Drive but then turn right onto Airport Drive. There is ample parking in front of the building.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
