

FAASTeam presents:

# Adventures in Crosswinds

Do you remember in your training when you feared the crosswind landing? Perhaps at some level you still do. Did you find yourself preferring to land at Haward instead of San Carlos? Do you feel there are normal landings and crosswind landings?

Now imagine approaching a landing as just a landing even to the point you do not have to think too much about the crosswinds. In fact you now even enjoy the challenge of a crosswind.

Dan Dyer and San Carlos Flight Center, the only flight school on the west coast with a crosswind simulator, is committed to training pilots competence in all landings. In this seminar, Dan Dyer, said by some to be the west coast crosswind expert, will take you step by step through all phases of landings with and without crosswinds, so that you approach every landing the same way. With a bit of practice you will land as easy as stopping your car at a stoplight. It's part of the flight, no big deal, in fact it will become the best and most fun part of the flight.

Dan Dyer is Chief Pilot of San Carlos Flight Center and has been instructing for 11 years, first in helicopter and now in airplanes. He has almost 4,000 flight hours and is the Bay Area's local expert in crosswind landing instruction. He is
