

FAASTeam presents:

Winter is Coming

Winter is around the corner and besides the temperature dropping, what can we expect? It's California and it's always nice right? Or will it be an el nino or la nina year? What about ceilings, winds or one of the most feared enemy of aviation, Mr Ice!

We can go to The Weather Channel, Aviation Weather Center, Duat, Foreflight and WX Weather Brief and get the reports but a deeper understanding is often necessary to determine our secret weapon, the back up plan.

Today, the opportunity to speak with a local meteorologist have gone by the wayside.

Today's plethora of weather tools on the web have really streamlined gathering weather and preflight information. But talk to the seasoned pilot of not so long ago and they will be the first to tell you how valuable it was to chat with a meteorologist at the local flight service station to get a good feel of the weather and it's current trends before your flight.

San Carlos Flight Center is proud to bring back Ashley Helmeteg who has worked as a meteorologist at the National Weather Service Unit at Oakland Center Air Route Traffic Control, to speak us on West Coast Weather.

Ashley Helmetag, is a former meteorologist at CWSU Fremont. She has her B.S in Aviation

Event Details

Sat, Dec 16, 2017 - 12:00 PST

San Carlos Flight Center

655 Skyway Rd,

Suite 215

San Carlos, CA 94070

Contact: David Kramer
408 981-6424

Select #: WP1579569

Representative David Kramer

Meteorology, and an Air Traffic Control minor from Florida Institute of Technology (2007). She is working on her M.S Aeronautical Science, Aviation Human Factors from Embry Riddle Aeronautical University. She started with the NWS in 2010 right here at ZOA CWSU through 2016. Prior to the NWS she worked with the private sector as an assistant supervisor at a meteorology and flight planning company in Houston, TX. She and her husband are also an avid sky divers.

This event qualifies for FAA Wings credit. Any questions, contact us at (650) 946-1700 or info@sancarlosflight.com.

San Carlos Flight Center is committed to promoting safety in general aviation through our evening safety seminar programs. Space is often limited so it is important to sign up early through the FAA event notification system at FAASAFETY.GOV. SCFC members may choose to watch the seminar live over the web at home. Contact your SCFC member service rep at (650) 946-1700 to confirm secure online access to any particular seminar.

Directions: Directions to Room: Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Suite 215 is upstairs in the northwest corner. On occasion, rides may be prearranged through San Carlos Aviation and Supply.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
