

**FAASTeam presents:**

# **ADS B Now**

Almost half of the aircraft in the San Francisco Bay Area it is estimated, will be grounded in 16 months because they are not now ADS-B compliant. How the Automatic Dependent Surveillance Broadcast system will affect how pilots currently fly now, touting both the good and the bad, and all of the different types of radios, their costs, the benefits and limitations will be presented at this seminar. Aircraft owners will learn what radios will be required in their aircraft, the costs and how to install it. Pilots will learn how ADS-B will make flying easier and at the same time understand the problems you will encounter.

The Hiller Aviation Museum will host this seminar that will present not only the benefits and the problems pilots will be faced with when operating an aircraft equipped with ADS-B, but will present every type of radio that will bring an aircraft into compliance.

Cameron Rolfe, an aviation technician as well as a pilot for over 45 years will present this topic with at the Hiller Aviation Museum located adjacent to San Carlos Flight Center.

This event will begin at 7:30 PM.

## Event Details

**Tue, Jul 10, 2018 - 19:30 PDT**

**Hiller Museum**

601 Skyway Rd,

San Carlos, CA 94070

Representative David Kramer

The Hiller Aviation Museum is located at 601 Skyway Rd., San Carlos, CA 94070 (650) 654-0200.

You may fly in to this event. Services will be available to shuttle pilots who fly in from Rabbit Aviation (650)-591-5857, (650)-716-6579 or UNICOM 122.95 and San Carlos Aviation & Pilot Supply (650) 592-2322.

This event qualifies for FAA Wings credit.

Any questions, contact us at (650) 946-1700 or [info@sancarlosflight.com](mailto:info@sancarlosflight.com).

San Carlos Flight Center has created BAY FLIGHT 2018, an aviation conference for SF Bay Area pilots interested in staying current about the latest topics in aviation, learning new skills and techniques, and hearing from leaders in the field and will be held on Oct 27, 2018 ([www.bayflight18.com](http://www.bayflight18.com)).

San Carlos Flight Center is committed to promoting safety in general aviation through our evening safety seminar programs. Space is often limited so it is important to sign up early through the FAA event notification system at [FAASAFETY.GOV](http://FAASAFETY.GOV). SCFC members may choose to watch the seminar live over the web at home. Contact your SCFC member service rep at (650)

946-1700 to confirm secure online access to any particular seminar.

**Directions:** Directions to Room: Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Hiller Museum is located adjacent to the Flight Center. Shuttle Services are available (see below). On occasion, rides may be prearranged through San Carlos Aviation and Supply.

**A message from the National FAASafety Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
