

FAASTeam presents:

# **Drones - An Industry Insider and CFIs View on How to Share the Skies**

Have you always wondered what all those drone-related airspace NOTAMs are for? Now is your chance to get the inside scoop on what happens inside these areas, as well as how to maintain safe separation from these operations.

Paolo Resmini is Head of Software and Flight Safety at Matternet Inc., as well as a CFI and 3,000+ hour GA pilot. Matternet provides an end-to-end drone delivery solution that includes the M2 Drone, Station and Cloud. It provides its platform as a service to healthcare, e-commerce and logistics organizations.

Come learn more about local drone operations, drone avoidance, as well as career opportunities at Matternet!

**Directions:** From Highway 101 head east toward the bay, turn left after the golf course. West Valley Flying Club is the second driveway on the right. Overflow parking in the golf course lot.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
