

FAASTeam presents:

# How to Ace Your Flight Review

It's been a while since you've flown, and it's time for your biennial flight review. What do you need to do to feel confident, prepared, and ready to fly?

San Carlos Flight Center invites CFI Sid Basu to explore what to expect on your next flight review. In this seminar, Sid will review what students could prepare in advance to ace their flight review, such as what are the legal requirements for completing a flight review, currency requirements, and overall aeronautical knowledge. The majority of us will need to do a flight review at one point, so why not be prepared before you get there?

Join us and be ready to tackle your next flight review.

Sid Basu is a CFI ASEL, Commercial ASEL, AMEL and Instrument rated pilot with over 1900 hours total time and over 1300 hours of dual given. He has been flying since 2008 and has been instructing at San Carlos Flight Center since 2017.
