

FAASTeam presents:

# **ONLINE ONLY (For Now) Let a Geologist Take You on a Bay Tour**

**\*\*Important Notice\*\*** San Carlos Flight Center is temporarily moving its seminars from in-person attendance to online viewing due to the public health risk from the Coronavirus. This seminar as of the month of march is scheduled to be a livestream, however, if conditions improve it will be changed to an in-person seminar. Stay tuned. As a courtesy, the center is making this streaming service free to the public at <https://sancarlosflight.com/covid-19/seminars>

We as bay area pilots are lucky as we get to experience the beauty of the bay through the Bay Tour. However, did you ever want to change your Bay Tour and “spice it up” a bit? Looking to treat your friends and family to a different kind of Bay Tour? Come join and learn from a Geologist how to fly the best bay tour of your life. San Carlos Flight Center invites Wendy Kordesch a Bay Area Geologist to talk with pilots on how they can amuse their passengers on a more interesting bay tour. In this seminar Wendy will show pilots how to fly along the San Andreas fault, identify amazing geological features hiding in plain sight, fly along the most pristine waterways and coastline, and entertain your passengers with the rich history of the bays geography. Also learn how to protect our pristine

## Event Details

**Wed, Apr 8, 2020 - 19:00 PDT**

**San Carlos Flight Center**

655 Skyway Road

215

San Carlos, CA 94070

natural environment by flying safely over nature's most immaculate places.

We invite all pilots to attend as this is truly a unique opportunity to learn more about the Bay's most prestigious landmarks to highlight on your next bay tour.

Wendy Kordesch is Outreach Specialist at the Seabird Protection Network, and builds partnerships with pilots to help wildlife thrive on our coasts. She holds a PhD in Ocean Science and has presented to dozens of pilots clubs across the Bay Area, as well as the US Coast Guard.

**Directions:** Pilots who fly in should park in transient parking on the opposite side of the field and expect to walk about 10 minutes (.5 mile) to the Flight Center. Suite 215 is upstairs in the northwest corner. On occasion, rides may be prearranged through San Carlos Aviation and Supply.
