

FAASTeam presents:

**WINGS Over SLO Pilot Proficiency Workshop SLO99s  
Scholarship Fundraiser**

Capt. Mike Jesch is a Flight Instructor and airline pilot who has been flying for over forty years. By night, he flies a Boeing 787 Dreamliner over the Pacific Ocean, but by day he owns and flies a Cessna 182 based in Southern California. Mike is also a FAAST team lead representative for Long Beach.

Surprises are meant for Birthday Parties, not airplane flights!

Cap'n Mike discusses ways that we can be just a little bit more ready for a range of events that may occur in flight. From real-life stories to a variety of hypothetical situations, preparation is the key ingredient that can be the difference that makes for a successful outcome.

**Directions:** Rte. 227 to Aero Drive, left to Airport Drive, ACI on the right. The seminar is located in the large hangar off the lobby. Parking will be available on site on a first come-first served basis.

Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.

## Event Details

**Sat, Sep 17, 2022 - 13:30 PST**
