

FAASTeam presents:

Update to San Carlos Airport Status and Procedures

This event is postponed due to circumstances beyond our control and is replaced by "Emergency Signaling ELTs and PLBs" on March 22nd at 7:00pm. See FAASafety.gov for details. Keeping an airport strong takes a lot of hard work. Sometimes it can be hard for pilots to keep up with all the changes and their impact on the safety of flight. The airplane owners and pilots of San Carlos Airport are fortunate to have a great team from San Mateo County maintaining and protecting the airport. Issues are addressed quickly, from runway surface issues to refurbishing the hangars, and limiting neighboring construction against flight operations. SCFC invites San Carlos Airport Manager Gretchen Kelly and Assistant Airport Manager Michael Byrne to update the pilot community on anything that can impact the safety of flight operations. They will talk about upcoming airport and runway closures, including the repavement project, as well as what changes pilots can expect to operating rules and procedures. San Carlos Airport procedures are constantly changing as a result of varying traffic levels, noise complaints, and changes to airspace. It is critical that all pilots pay special attention to procedures and operations around the airport environment.

Representative BRANDAN DADOUN

If you fly to San Carlos Airport, this presentation will bring you the latest news and information for pilots coming from the SQL Airport Management office.

San Carlos Airport is owned and operated by San Mateo County. Airport management oversees and supports both county airports, Half Moon Bay and San Carlos, with primary offices at San Carlos. The airport gets better every year, and the management team oversees a great number of development projects to improve service to pilots and for the county.

Directions: NO REGISTRATION REQUIRED, FOLLOW STEPS BELOW TO ACCESS OUR LIVESTREAM:

Step 1:

Create a free flight center account by clicking on thislink.

Step 2:

Log-In (Top right of the screen) to your Flight Center account through our main website.

Step 3:

Proceed to this linkat the listed seminar start time to watch the seminar live. If you have any questions for the presenter, you will find in the bottom left corner of your screen an "Ask a Question" button to ask your questions.

If you have any technical difficulties signing on to our Livestream at the time of the published seminar, please let me know. The sooner, the better!

NOTE FOR WINGS CREDIT: Please watch till the end to receive a "code phrase" that the presenter will state. After the seminar is over please click the button at the bottom of the Livestream page saying "Click here for WINGS credit" and we will process your request within a few days.
