

San Jose FAAS Team presents:

Watsonville Safety Standdown - Hybrid Event (Link Added)

Pilots join us for our first post-covid safety seminar! Watsonville is a multi-use airport with a highly diverse operations including fixed and rotary wing training and testing, on-demand air taxi and skydiving operations. Many times operators are planning on using the same runway so to avoid being in the same place at the same time we found it helpful to raise awareness about what to expect when transitioning through or operating in the pattern at this Airport. We invited representatives from each organization on the field to speak on their area of expertise for pattern entry and exit points, refueling and runup areas and tips on being courteous when it comes to coexisting with your neighbor. If you want to hear about what happens at Watsonville or have any questions you are welcome to join us.

Directions: From HWY 1 Exit on Airport Blvd and head North on Airport Blvd. Make a left Turn on Aviation Way (0.7Mi from HWY 1) and destination will be on the airport side.

Click here to Register to Join the Zoom Meeting. Passcode: KWVI

Prior to attending a safety seminar please review and abide by current CDC, State and Local Health Guidelines

*If you registered for the Zoom meeting you do not need to sign up for Wings Credit separately.
