

**FAASTeam presents:**

# **Flying the Bay Tour**

Flying in the San Francisco Bay area is spectacular, a real privilege for local pilots. The Pacific Ocean, a dramatic coastline, beautiful hills, and many famous landmarks. As pilots, we are afforded a rare bird's eye view that we long to share with our friends and family.

So what exactly is a "Bay Tour"? What airspace is present along the Bay Tour, and what new implementations will require pilots to take into account? Join SCFC Founder Dan Dyer to examine the airspace, explain the "Bay Tour" and how a pilot can accomplish one in the safest, simplest, most enjoyable manner.

In this seminar, he'll review the various overlapping airspaces in the area, the territories for each local ATC facility, and the routings most commonly used by Flight Center pilots and suggested by ATC. You'll learn what options are available to you even if SQL ATIS has the phrase "San Francisco is not taking surface area transitions."

This is a thorough discussion of the regulations and procedures used in flying a San Francisco Bay Tour through Class B and C airspace. If you are new to the Bay area, want to imagine the different sights you'll see, or just want to improve your understanding of local airspace customs and procedures, please join us for this popular

## Event Details

**Sat, May 20, 2023 - 12:00 PDT**

**San Carlos Flight Center**

795 Skyway Road

Suite A

San Carlos, CA 94070

seminar.

Dan Dyer is the founder of the San Carlos Flight Center, and has built the motto of Safety, Community, and Adventure for over 8 years. Dan was an instructor for 15 years, accumulated over 4,000 flight hours, and is the Bay Area's local expert in crosswind landing instruction. He is known for finding simple and innovative ways to explain complex topics and regularly speaks on advanced ground school topics. Find out more about Dan at [www.sancarlosflight.com](http://www.sancarlosflight.com) or contact him at [dan@sancarlosflight.com](mailto:dan@sancarlosflight.com)

**Directions:** Welcome to San Carlos Flight Center and our Safety Seminar Program.

San Carlos Flight Center believes in the philosophy that a good pilot is always learning. We are proud to have the most active Safety Seminar Program in the country where pilots of all abilities and skill levels can come to learn something new. We host seminars twice a week, on Wednesdays at 7 PM, and on Saturdays at 12 PM. Join us to master challenging ground topics, discover new flying destinations, fine-tune radio skills, and learn from industry professionals. With an active in-house speaker bureau and a growing guest-speaker base, we continue to schedule a wide variety of presentations, equipping you with the knowledge to operate more safely. Join us to view our seminars in person at our facility in San Carlos, located at 795 Skyway Road, Suite A San Carlos, 94070. Seminars will be available to view in person at our facility in San Carlos for free. Prior to attending any safety seminar please review and abide by current CDC, State and Local health guidelines. To register and secure your seat for this event, create a free account on our website by clicking [here](#), find this seminar on our upcoming events page by clicking [here](#), scroll down, and click "register".
