

Safe Flying in the Mountains is No Accident!

Recent accidents in Truckee, South Lake Tahoe, and the surrounding area suggest a need for us to study and learn from those who have accumulated a life time of safe flying in the beautiful but unforgiving environment of mountain flying.

Directions: From I-580, take the Airway Boulevard exit for Livermore Airport. Proceed south. Follow Airway Boulevard as it turns east at the Control Tower. Continue on Airway Boulevard to Ahart Aviation on the south side of the street just before the last row of T-hangers.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
