

Top 10 Causes of General Aviation Accidents

Please join us for an informative video and round-table discussion of the top ten causes of aircraft accidents. This program presents ten real-world accidents, what caused them, what mistakes were made, and how just-plain-bad-luck can rear its ugly head at EXACTLY the wrong time. This seminar is designed to increase the awareness and stress the importance of good decision making and planning for the unexpected.

Directions: From Highway 99, East on Merle Haggard Drive/7th Standard Road. South on Airport Drive. Turn West at first traffic light, Skyway Drive.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
