

# Landing your own Pan Am Clipper at Catalina's 'Airport in the Sky'!

Flying to Santa Catalina (AVX) is both a challenging and exhilarating experience. It is the goal of this seminar to give pilots the knowledge and confidence necessary to safely make this awesome flight. Pilots who are already familiar with landing in AVX are invited to share their experience.

This interaction will give additional insights and safety to this flight.

**Directions:** From Highway 99, East on Merle Haggard Drive/7th Standard Road. South on Airport Drive. Turn West at first traffic light, Skyway Drive.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
