

FAASTeam presents:

# FAASTeam Flight Instructor Open Forum

The purpose of this Flight Instructor Open Forum is to stimulate discussion regarding EFB (Electronic Flight Bag), which is any electronic tablet, phone or other capable of providing current aeronautical charts, moving maps, flight planning, weather or traffic displays. We will discuss the best practices in teaching with reference to tablet computer hardware and software. Do not miss this opportunity to discuss the methods, techniques, and challenges involved with using tablet technology on the flight deck. Flight Instructors, Ground instructors, Designated Pilot Examiners, and instructors in training are particularly encouraged and requested to attend.

FAAS Team Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAAS Team) to meet and discuss one or more of the Top 10 Causal Factors in General Aviation Accidents at each of the Open Forums.

Tonight's forum will include a presentation and facilitated discussion by Doug Betts FAAS Team Lead Representative for the Central San Joaquin Valley area. In addition to sharing from a very informative presentation, Doug will facilitate any discussions and host a question and answer

## Event Details

**Sat, Feb 27, 2016 - 10:00 PDT**

**Mariposa/Yosemite Airport**

**Terminal**

5020 Macready Way
